<div>XRef - Cross Reference Tools</div> <div>Emacs supports various cross reference mechanisms described in the 🔗 Xref table. These mechanisms take advantage of various external tools and integrate with them. Notes about those tools are available in the tables listed in this section. 🚧 This is work in progress.</div> <table><tr><td>🚦 Xref-Support</td><td>🚦 Xref-Backend</td><td></td><td></td><td></td><td></td></tr></table>							🚦 Xref-Support	🚦 Xref-Backend
