

PEL Topics Index

Emacs Reference Cards		These are links to the PDF version of official English version of the quick reference cards for GNU Emacs and popular external packages. PEL documents Emacs key bindings as well, these cards provide useful complement to what is provided by PEL.					
👉 With PEL you can access these via the <code><f11> ? e r</code> key sequence. See 🔗 Help/Info		Emacs	Calc	Gnus	Magit Cheatsheet	Org	
		Emacs survival card	Dired	Gnus booklet	Magit Ref-card	Viper	
➤ PEL Overview		This table holds links to the PEL tables. Each cell holds a hyperlink to the GitHub hosted raw PDF table.					
		👉 For the best user experience, use a browser that can render PDF directly instead of downloading.					
		<ul style="list-style-type: none">• Firefox does that. You may need to activate a plug-in for other browsers.• With that in place, you can browse through all the PDFs quickly and reach a vast amount of information.					
		👉 From within Emacs open this topic index PDF by typing the <code><f11> ? <f1></code> key sequence.					
		👉 The symbols, colour coding and various other conventions are described in the ➤Legend PDF.					
General information.		➤Legend	➤PEL	➤CRISP ⇄ Emacs
